When the great earthquake occurred on the 2d of April, and the whole island of Hawaii was shaken from its center to circumference, the shock must have been comparatively slight at the "volcano-house," for standing there, on the very brink of the crater, the house was not injured! Not a crack was to be seen in the brick chimney, nor an article of crockery was broken in the house. He said the delegation had voted a reasonable time for Pendleton and thought they should still adhere to the gentleman from Ohio, and a minority of the delegates expressed

the highest respect for Hendricks, but he said the State Convention had instructed the delegates to vote for Pendleton. The roll was then called on the seventh ballot. Missouri and a portion of Tennessee voted for Pendleton whose name was vociferously cheered. A

recess of 15 minutes was then taken. On the eighth ballot Louisiana went over to Pendleton. At the conclusion of the call New York withdrew the name of Church and cast a solid vote for Hendricks. This was received with frantie

cheering mingled with hisses. The remaining ballots showed little change till the twelfth, when California cast half a vote for Chase. There was long, continued applause in the galleries. A scene of confusion ensued. A motion was made to clear the galleries, but not acted on. Tennessee gave one vote for McClellan and the galleries applauded, though not so long as for Chase. Pennsylvania still kept voting solid for Asa Packer. A recess of 15 minutes was had.

CONCERT.-The juvenile concert, of which notice was given last week, took place on Thursday evening at Kaumakapili Church. The attendance was not so large as was anticipated. The singing, for juveniles, was excellent, and showed that some teacher has been faithful with the scholars. Several of the pieces, including the Sunset Tree, Uncle Sam's Farm, Luhui ke Aloha ia Kakou, were beautifully sung. The insertion of the programme will give a better idea of the character of the concert than anything else. There were twelve boys and twelve girls in the choruses, and their only teachers are natives:
